

## UNIVERSAL IBOGAINE – Website Forward Looking Statements

This website contains forward-looking statements within the meaning of applicable securities laws. All statements that are not historical facts, including without limitation, statements regarding future estimates, plans, programs, forecasts, projections, objectives, assumptions, expectations or beliefs of future performance, are “forward-looking statements.” Forward-looking statements can be identified by the use of words such as “plans”, “expects” or “does not expect”, “is expected”, “estimates”, “intends”, “anticipates” or “does not anticipate”, or “believes”, or variations of such words and phrases or statements that certain actions, events or results “may”, “could”, “would”, “might” or “will” be taken, occur or be achieved.

Forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause actual results, events or developments to be materially different from any future results, events or developments expressed or implied by such forward looking statements. Such risks and uncertainties include, among others, dependence on obtaining and maintaining regulatory approvals, including acquiring and renewing federal, provincial, municipal, local or other licenses and any inability to obtain all necessary governmental approvals licenses and permits to operate and expand the Company’s operations and the uncertainty of existing protection from Canadian federal or other prosecution; regulatory or political change such as changes in applicable laws and regulations, including federal and provincial legalization, due to inconsistent public opinion, perception of the medical-use of psychedelics, bureaucratic delays or inefficiencies or any other reasons; any other factors or developments which may hinder market growth; the Company’s limited operating history and lack of historical profits; reliance on management; the Company’s requirements for additional financing, and the effect of capital market conditions and other factors on capital availability, including closing of the financings contemplated herein; competition, including from more established or better financed competitors; and the need to secure and maintain corporate alliances and partnerships, including with customers and suppliers.

These factors should be considered carefully, and readers are cautioned not to place undue reliance on such forward-looking statements. Although the Company has attempted to identify important risk factors that could cause actual actions, events or results to differ materially from those described in forward-looking statements, there may be other risk factors that cause actions, events or results to differ from those anticipated, estimated or intended.

There can be no assurance that forward-looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in forward-looking statements. The Company has no obligation to update any forward-looking statement, even if new information becomes available as a result of future events, new information or for any other reason except as required by law.
